WHEN THE ALARM SOUNDS

In one of our alarm clocks the sleeper never has the excuse that the clock is "fast" or "slow." If it was set to the correct time the night before it is "right on the dot" almost assuredly as if it were attached to the sun, moon and stars. This factor—absolute reliability—enters into every clock we sell, from the humble alarm clock to the most expensive Grandfather's Clock.

Reliability is the first consideration in the making of our clocks. Working from that basis the manufacturers have used only the finest of materials, with the result that every clock is sold under a strong guarantee.

There are also innumerable designs in Desk Clocks in both silver and brass. COME AND SEE THEM FOR YOURSELF.

These Half Acre

BLOCKS ARE CHEAPER THAN THE ADJOINING ACREAGE

There are only twelve half-acre lots left in this subdivision. The majority of the lots were sold long ago. To close up the business, we offer these remaining few at the original prices. They are in no sense "leavings." Every lot is GOOD, and away below values today. A car line is building within five minutes' walk of these half-acres. Prices will be doubled then.

\$425 to \$550.

For each half-acre—very liberal terms.

FLOODS CLAIM MANY LIVES

Cloudbursts in Pennsylvania Coal Region Cause Widespread Loss of Property—People Overwhelmed

PITTSBURGH, Pa., July 25.—Death and desolation spread broadcast over the southwest counties yesterday and last night through cloudbursts and overflowing streams. Three acres or more lives were lost, while the damage to homes and industries cannot be estimated. Fifteen lives were lost in Superbia mine No. 2, near Uniontown.

It was long after midnight before the waters began to recede. Rain had ceased falling some hours earlier, but the heavy precipitation soon made the usually dry beds of mountain streams veritable cataracts. The cloudburst of yesterday came before the district had recovered from 24 hours of torrential rains on Sunday. The waters raged up through the main streets, upsetting many structures and endangering the lives of many hundreds of citizens. A cloudburst was the cause, although it is thought a dam broke.

Great Damage Done

The Turtle Creek valley was visited by a disastrous flood and the damage is enormous. Crops were blotted from the earth. Railroad traffic through a great territory was demoralized. With four connections into Uniontown, the Pennsylvania was unable to get passengers into the city early today. Several bridges of that system and the Baltimore and Ohio were torn from foundations that were thought impregnable and buried into the maddened waters. Thousands are suffering. Towns are cut off from railroad, mail, telephone and telegraph connections.

It was in the coke regions that the fury of the storm seemed to have been spent. Uniontown, Dunbar, Lement, Mount Braddock, Connellsville, all were inundated, and great damage was suffered.

The greatest loss of life was due to the flooding of the Superbia mine at Evans, nine miles from Uniontown.

Fifteen miners are now accounted lost, the known death of a foreign miner having increased last night's total by one. Three are missing among the employees of Lement mine No. 1, of the H. C. Frick Coke company. This estimate will doubtless total all the casualties.

Those who have penetrated the Superbia mine come out with reports of almost indescribable ruin.

The places and the number reported to have been drowned in each area: Uniontown, Pa., 14 drowned; Smokey, Pa., 4 reported drowned; Grindstone, Pa., 1 miner missing and reported drowned; Lynn, Pa., 2 miners reported drowned; Wheeling, W. Va., 3 drowned; Lement, Pa., 4 miners reported drowned; Ellenwood, Pa., H. E. King, his wife and child drowned; New Martinsville, W. Va., 6 reported drowned; Monongahela, W. Va., 1 drowned; Fairmont, W. Va., 2 drowned.

Of this list of 61 fatalities, it has been possible to account definitely for 23. Those who are known to have met death are at Uniontown, Wheeling, Ellenwood, Fairmont, and Monongahela. Admittedly the death list will not be known for many days.

GREAT WORK FOR EMPIRE DEFENCE

Continued from Page 1. selves and these great powers with which, in Asia and in Africa, our subjects are constantly brought into close relationship. The history of the past eight years is a history of mutual understanding, freedom from friction and difficulty, and of growing cordiality.

"But when I say that of the powers between whom and ourselves intimate relations exist, I must add that our friendships with them are not in any sense exclusive. I say deliberately that we have no cause so far as I know, no occasion for quarreling with any country in any part of the world.

International Relations.

Continuing the Prime Minister said that he viewed without the least suspicion of dissatisfaction and with more than equanimity, the special conversation, interchanges of views such, for instance, as between Russia and Germany. "Our relations with the great German Empire were relations of a mighty and good will. Mr. Haldane, the Lord Chancellor, had visited Berlin in the early year, and had entered into consultations and interchanges of views. This had been continued since with a spirit of frankness and friendship on both sides, and we have now in London a distinguished diplomatist whom the German emperor had sent to our country. Friendship was not in any sense exclusive. For more than one reason, the greatest British interest was for the peace of the world and if that was the case there was in this country, as elsewhere, a great and growing expenditure on armaments, both naval and military. There is no power in the world, which does not know perfectly well, that so far as we are concerned, we have no aggressive purposes. We covet no heritage, we have no inclination or temptation to extend in any way the range of our responsibility.

"But," said Mr. Asquith in conclusion, "These responsibilities are worldwide, and if we are compelled to divert from other purposes more productive, more advantageous to mankind, the aim which we are now spending for the maintenance of our supremacy at sea, I am speaking what every one in this house knows to be absolutely and literally true."

SHIPPING REGULATIONS

Act Requiring Employment of Certificated Officers and Mates to Be Enforced

OTTAWA, Ont., July 25.—Formal notice is being issued, giving effect to the act passed last session for the employment of certificated masters and mates on ships of five tons and over, but some important exceptions are being made. The act will not apply to purely pleasure yachts, barges, motor-boats or to sailing ships engaged in the coastwise trade of not more than 100 tons, propelled by auxiliary power other than steam and employed partly in fishing and partly in the carriage of freight.

Too Active in Politics.

SEATTLE, July 25.—Prof. J. C. Herberman, associate professor in charge of the department of public speaking and debate at the University of Washington, who was chairman of the committee on resolutions of the Roosevelt state convention at Aberdeen, May 15, and whose activity in that state politics has involved him in trouble with the regents, was retired yesterday. Lee Emerson Bassett, late of Stanford university, was appointed to succeed Herberman.

Women Overlooked.

ABERDEEN, July 25.—Women are to serve on the jury at the coming term of the superior court of Chehalis county. Since the election enfranchising women, no member of the sex has had jury service through oversight of the commissioners charged with the duty of making up the jury list. Judge Sheeks and Judge Irwin have called the attention of the commissioners to the neglect and a list of taxpaying women will now be made and placed in the jury box.

EVERETT, July 25.—Mrs. Philomena Woods was arrested here yesterday on a felony charge, commonly known as white slavery. Mrs. Woods is accused in connection with the case of a 15-year-old girl who was found in her hotel Tuesday night when the police made a raid and arrested Dan Woods, husband of the alleged white slaver, on a charge of selling liquor illegally. Mrs. Woods furnished a bond of \$1,250.

May Postpone Trip

OTTAWA, July 25.—It is probable that Hon. Robert Rogers, minister of the interior, will postpone indefinitely his proposed trip to England. He figured on sailing for London in the course of ten days, but will probably not have time to make the trip owing to the desire of Premier Borden to have all the ministers in Ottawa early in September to consider in detail the question and the parliamentary programme.

Railroad Conciliation Board

OTTAWA, Ont., July 25.—A board of conciliation has been granted by the labor department under the industrial act to the Canadian Brotherhood of Railroad Employees and the Canadian Railway Association, which touches a new field of railroading the binding together of railway clerks, baggage-men, freight handlers, truckers, and checkers, into one organization akin to that which conductors, engineers, trainmen and telegraphers now belong.

Royalty Meets

PITKAPSAYA, Finland, July 25.—The visit of the king and queen of Sweden ended last night when the squadron sailed. Emperor Nicholas and King Gustav met again yesterday at luncheon and dinner. It is understood that political questions were discussed by the ministers who accompanied the sovereigns.

MELBOURNE, July 25.—Ex-Governor Richards, of Wyoming, who was a member of a landmeeker's party, died suddenly today from heart failure.

TENNIS AT DUNCAN

S. Ryall, of Chemainus, Plays R. Kingston, Kolder of Title, Tomorrow

DUNCAN, July 25.—In the men's singles of the local tennis tournament S. Ryall, of Chemainus, is the runner-up and will play R. Kingston the holder of the Hayward challenge cup tournament, which represents the championship of the Cowichan district, tomorrow.

The annual open tournament of the Duncan Tennis club will be held from August 6 to 10 inclusive. The events will be ladies' and gentlemen's singles and doubles and mixed doubles. During this tournament arrangements have been made for the championship of Vancouver Island in gentlemen's open singles and a very handsome silver challenge cup has been subscribed for by a number of the gentlemen of the district. W. H. Wilkerson, of Victoria, has kindly presented the club with a challenge cup to go to the champion player of ladies' open singles for Vancouver Island.

The ladies' championship of Vancouver Island will also be played on August 6 and the following days on the Duncan courts. The trophies are now on exhibition in W. H. Wilkerson's, Victoria. All entries for the tournament close on Thursday, August 1.

HILLS VS. CAPITALS

Intermediate League Baseball Match This Evening at North Ward Park

At the North Ward park this evening the Beacon Hill and Capital intermediate teams will play a scheduled match. It will commence at 8:15 o'clock and, as the keenest possible rivalry exists, an exciting game is expected. The Hills will take the field as follows: Watson, c.; Steele, p.; Green, 1b.; Bailyntyne, 2b.; O'Rourke, 3b.; Newell, ss.; Gray, 1b.; Wacker, c.; Falconer, if.

Mrs. George Hamer Jackson, representing several British publications, who has been in the city for a couple of days, left for the west last evening.

Early Ferry Service

OTTAWA, July 25.—Officials of the department of railways hope to have the proposed ferry between Prince Edward Island and the mainland in operation before winter. Tenders have been called for service in Canada, the United States, Great Britain, Germany and Denmark, and they must be in by August 15. The firms putting in tenders will furnish their own specifications.

HOME SEEKERS FOR THE WEST

Large Number of Ontario Farmers With Families en Route to Spy Out the Prairies—Crop Prospects Good

WINNIPEG, July 25.—The first of the homeseekers' excursions from eastern points is now en route to this city and is expected to arrive late this evening. In all about 900 persons, men, women and children, left Toronto on Wednesday, the great majority of whom will secure homes in the west. The federal and provincial immigration authorities organized the excursion, which includes well-to-do farmers from Ontario, who have either sold, or in many cases, plan to sell, their farms in the eastern province and settle in Manitoba. In addition there are many laboring men who will turn to the harvest fields. That this year's will be the largest crop ever grown in Western Canada is the prediction made by farmers from all sections of the prairie provinces, by crop experts, by heads of elevator companies and farmers' organizations and the provincial department of agriculture.

Not only will the total yield be the largest, but, judging by present conditions, the yield per acre will outstrip all previous performances. One of the best known agriculturists of western Canada states that the harvest of the various crops will take place during the following periods: Barley, commences August 1, completes August 25; fall wheat, August 19 to 25; spring wheat, August 18 to September 10; flax, August 25 to September 10; oats, August 25 to September 15.

This will put all grains in stock by the middle of September, fully two weeks ahead of the ordinary season.

STATE'S EVIDENCE

Driver of "Murder Car" Will Tell of Shooting of Gotham Gambler

NEW YORK, July 25.—District Attorney Whitman today scored what he believes to be two important points in the Rosenthal murder case. The first he counted on John Reiser, otherwise known as "John the Barber," previous to the arraignment on charges made in an affidavit alleging "Bridgie" Webber's connection with the case. The second, even more important, came in the announcement that William Shapiro, chauffeur of the "murder car," would turn state's evidence, telling all he knew about the case this afternoon. Shapiro's statement is expected to do much toward fixing the responsibility for Rosenthal's murder.

Reiser's affidavit stated that he and his wife were in the Hotel Metropole on the night of the killing.

"I went over to where Rosenthal's body was lying and observed 'Bridgie' Webber running away from the scene of the crime," said Reiser. "I asked a man known as 'Kid Lewis' 'What is Bridgie Webber running away for?'"

"I did not catch Lewis' reply," he further stated. "Lieutenant Becker, who was invited by the grand jury to appear and give testimony, made his appearance in the criminal courts building and announced he was ready to testify. He went to the district attorney's office and there waited with Lieut. Costello and Kelly, who also had responded to invitations to be escorted by District Attorney Whitman into the grand jury room.

G. T. P. LABOR TROUBLE

I. W. W. Agitators Stirring Up Discontent on Railway Line in North

HAZELTON, B. C., July 25.—Following a strike order issued by the I. W. W. on Saturday morning last, nearly one thousand men on construction work along the G. T. P. on the line through Bulkley Valley and across the summit to Burns Lake, a distance of 200 miles, have ceased work.

This far no acts of violence or destruction of property have occurred, but some of the foreign element among the strikers is in an ugly mood. The authorities, in the event of trouble, would be unable to cope with the situation, and it is expected that a force of special constables will be rushed up from Prince Rupert. Several hundred laborers have already started to walk out to rally with the intent of quitting the country. The strikers are compelling the sub-contractors to feed them, and so far have been paying for their meals. If the sub-contractors, who own all the food supplies along the grade, should refuse to do so the strikers would probably help themselves, as they outnumber the station men, who are liable to be big losers if they fail to complete their sub-contractors.

Many of the laborers did not want to quit work, but were overruled by the majority. Threats to compel the station men to throw down their tools have so far been unavailing, but if stronger arguments are used serious trouble may occur.

The I. W. W. has made no formal demands, but they know they seek higher pay and complain about the alleged excessive price of board.

J. C. Sheppard, superintendent of construction for Messrs. Foley, Welch & Stewart, who have the renews contract for the work, makes light of the strike. He is directing operations from headquarters at New Hazelton. Mr. Sheppard says the backbone of the strike is broken and that nine-tenths of the men are still at work. He confirms the report that the I. W. W. leaders never presented any demands for increased wages or improved conditions. The walk-out was pre-arranged for last Saturday.

WILL FORM SECOND LACROSSE CLUB

Con Jones En Route East to Obtain More Players—Westminster Will Not Play

VANCOUVER, July 25.—Speeding eastward on the train which left here last evening were Con Jones, president of the Vancouver Lacrosse club, and representative of the Recreation Park company, en route to Montreal and Toronto in search of lacrosse talent enough to round out a second team in Vancouver. Before leaving Mr. Jones stated that he intended to make arrangements for two Minto cup series while away and also for an all-star team to play here during the week of the Westminster fair.

During the absence of Mr. Jones, Matt Barr will be acting manager of the Vancouver Lacrosse club. Matt attended the workout of the boys today at Recreation park and saw to it that they put in some hard work in preparation for the game on Saturday. It is not known yet whether Westminster intends to play the game on Saturday, but this information is to be forthcoming tomorrow, for the league has asked the Westminster club to make known its intention by noon.

Westminster's Answer
That New Westminster will not come to Vancouver on Saturday next was the statement made by Harry Cowan, president of the B. C. Lacrosse association by the New Westminster officials tonight.

Over the telephone tonight Mr. Cowan standing anything contained in the answer sent by the New Westminster club to the lacrosse commission alleging that the change in the schedule of games was contrary to the legislation, the association is entirely within its prerogative in meeting the schedule. It has been done before on numerous occasions. My decision will be that the game as fixed for Saturday stands according to the amended schedule.

"The New Westminster club," he continued, "is mistaken in their assertion that the commission had anything to do with the schedule of games being played. It has solely to do with the appointment of referees and seeing to the proper conduct of the game and the players on the field."

Experts Chosen

SAN FRANCISCO, July 25.—Five important appointments in departmental work on the Panama-Pacific Exposition were made yesterday by President C. C. Moore, of the Exposition company. The following are the men and the positions: Jules Guerin, director of color; A. S. Calder, chief of sculpture; Carl Bitter, advisor on sculpture; E. E. Carpenter, civil engineer, and A. H. Mackay, chief of construction. Guerin is a widely-known decorator. He designed the mural decorations in the new Pennsylvania depot in New York, and his paintings are on exhibition in American and European galleries. Bitter was director of sculpture at the Pan-American exposition at Buffalo, and also at the St. Louis exposition.

FAMINE IN JAPAN

Failure of Rice Crop Portends Serious Conditions in Island Kingdom

TOKIO, July 25.—Japan is facing one of the worst rice famines ever known in that country. Already 400,000 people have been taken by officials to prevent rioting. Police were recently called out to keep order at a rice sale in Yokohama, at which a merchant offered a small quantity of foreign rice each day at particularly attractive prices. The crush of women and children was so great that women and children were compelled to pay a commission to men to buy on their behalf. The situation has become so serious that public-spirited citizens in various cities have established relief stations where rice is sold to the poor. Only foreign rice is available at these relief stations. Conditions are such that the government is now taking steps to force a reduction in the price of rice. The removal of import duty on rice is one of the measures which may be resorted to to bring relief.

In Tokio an association known as the "Wheat-Eating Encouragement association" has been organized. The members of the association pledge themselves to eat wheat in preference to rice, and to distribute circulars to all the restaurants and houses urging the owners and patrons to use foreign rice instead of Japanese.

Recently a Japanese steamer called at Takao to take on a cargo of rice for interior points. A large number of poor people, mostly women, assembled from all directions and forcibly prevented the loading of a message bag of rice. Leading rice merchants throughout the empire predict that the price of rice will go still higher. The predictions are based on the fact that the supply of rice is much shorter than it was a year ago.

NO GRANT OF FREE SITE

Moose Jaw Refuses Aid to Ontario Firm, but Sell Site to Packing Company

MOOSE JAW, Sask., July 25.—Today the ratepayers voted on a bylaw to grant a free site to George White & Sons, of London, Ontario. This they turned down by the decisive vote of 214 to 119. The bylaw required a two-thirds majority to carry. This is the second time the proposition has been before the burgesses.

At a special meeting of the city council held today it was agreed to grant the Swift Canadian company three city lots in the wholesale section at a price of \$6500, the company agreeing to erect a two-story fire-proof building and install a plant, making this their principal distributing point for southern Saskatchewan for at least three years.

A PRESENT DUTY

So far as the public official discussions go, the consideration of the naval policy of Canada by the British and Dominion governments may be regarded as at an end.

In order that our position may not be misunderstood, we shall briefly state the position of The Colonist on the Canadian naval policy.

Several speeches of exceptional importance have recently been made in the British parliament.

As we regard the naval question from a Canadian point of view it presents itself in two phases.

proposes that the fleet shall be put upon a war footing immediately.

The appalling effect of a declaration of war between Great Britain and Germany cannot be measured.

We do not like to contemplate the result of a war between Britain and Germany.

Such being the facts of the case, what are our duties?

As we regard the naval question from a Canadian point of view it presents itself in two phases.

enough for us to ask this, when we are in a position to contribute something to imperial defence.

To conclude, let Canadians cease to talk about how loyal they are.

A correspondent sends us a private letter in regard to the needless risks taken by swimmers at the Gorge.

You have been good enough to refer to the very great danger to persons swimming in the Gorge bridge and to which for the time being stopped the dangerous practice.

THE MIXADO.

The Emperor of Japan, whose death is hourly expected at the moment of writing, has a unique record.

Just what part he, himself, has played in bringing about these great changes the world will never fully know.

The city council has our sympathy in its efforts to squeeze a \$1,000 building into a \$30,000 appropriation.

The news that harvesting has already begun in Southern Alberta is very interesting.

and fattened on farms of moderate dimensions, to the profit of the owners and the increased fertility of the soil.

It seems that it will soon be possible to send pictures by wireless telegraphy.

Really The Winnipeg Post caps the climax of absurdity when it says the people of Saskatchewan are "untitled for popular government."

The shortage of the rice crop in Japan is probably only temporary, but it seems evident that before many years have passed that country will have to rely more upon imported food than she has hitherto.

The gentle art of cartooning sometimes operates after the fashion of a boomerang.

The evening paper says that "Mr. Borden's naval policy, if he is one, does not contemplate the establishment of a fleet unit, great or small, upon the Pacific Coast."

Repeating to a query from the evening paper as to whether or not Premier McBride was aware of the intention of The Colonist to print the Songhees Reserve plan a few weeks ago, we are not in a position to say.

CITIZENS' COMMITTEE AND FLYING LEGION

Mr. Stuart Reports on His Trip to San Francisco—Looking Forward to a Visit

It was a keenly interested audience at the meeting of the citizens' committee held in the McGregor building yesterday afternoon.

Alderman Cuthbert having taken the chair, after the preliminary business, Mr. Stuart reported on his trip to San Francisco.

A special train is being prepared in Chicago by the Southern Pacific railway company to take the citizens' committee and moving picture outfits to perpetuate the incidents and scenes visited.

President Cuthbert agreed that it would be advisable to greet the legion in a proper and fitting manner.

DEMAND HIGHER WAGES FROM CITY

Bricklayers Employed on Sewer Work Will Cease Work Unless Request is Met

Because the sewers committee of the city council recently decided that bricklayers employed upon the north-south sewer should no longer be paid the rate of wages then being paid to them (a dollar a day in excess of the unit rate of wages) City Engineer Knust has been notified by the bricklayers that they will no longer work for the city.

The action of the men, about ten of whom are employed by the city on that particular sewer work, was communicated by the city engineer to the sewers committee yesterday afternoon.

Bids will be called for the construction of a pumping station to lift the sewerage from Douglas street into the sewer running along the Gorge road, to temporarily relieve the situation in that section until the northwest sewer from Douglas street to the Gorge road bridge can be constructed.

While temporary, will the city engineer stated, under the purpose until a tunnel can be constructed to carry the sewerage across Selkirk water to the sea.

MUCH BUILDING IS GOING ON AT WILLOWS

Oak Bay Public Improvements Are Making Progress—Contract of The Poor Clares

The Willows district is just now the scene of much industry and development.

The monastery of the Poor Clares at the Willows has reached the stage when the painters and plasterers are at work, and it is possible to obtain a very good idea of how the buildings will appear when completed.

CROSSCOUNTRY WALKING CRAZE

Since Edward Payson Weston Footed It From Pacific to Atlantic Many Have Been Following His Example

NEW YORK, July 26.—Ever since his elderly legs across this United States in about thirty days, a craze over long-distance walking has pervaded the country. Along both coasts, in New York and Philadelphia, the general starting points, and in San Francisco and Los Angeles, the usual objective points, the prevalence of transcontinental pedestrians is not appreciated. It is in the interior towns along the few available coast to coast highways that the hikers are encountered in alarming numbers.

Probably this is due chiefly to the size of the starting and terminating points, where a young man, or even a young woman, starting in foot on the 300-mile trek is lost sight of. But in the small towns through which these persons walk their coming, stay and departure is a matter of the greatest interest. Usually their approach is signalled by telegraph operators along the railroad lines they follow, or again they are heralded by a hastily scrawled postcard to the "sporting editor" of the newspaper in the town they are approaching.

Epidemic at Reno

Reno, Nev., experienced an epidemic of coast to coast strollers on one occasion. Ten in one week was the alarming total of the most fruitful seven days, and two of them were girls traveling together. All were bona fide, and the fact that they had already negotiated more than 3,000 miles of their trip, and had but a trifle of 300 miles before them, added interest in their venture, and its success. Ten in one week, and there were periods before and after that the town was the average number of arduous, heavy-booted, khaki-clad walkers.

There are only about five possible routes by which the pedestrians may travel from Atlantic to Pacific. These limited routes exist only west of Denver, across the deserts and plains which cut off the verdure of the coast states from the rest of the Union. From El Paso, Tex., along the Southern Pacific to Los Angeles is the furthest south; the route along the Santa Fe railroad comes next to the north, then the Oregon Short Line's Ogden route, the most direct, passing through Reno, and finally a couple of lines to the north, the Northern Pacific and the Milwaukee.

Deadly Southern Trip

Only in the dead of winter are the southern trips attempted, as the excessive heat is too much in the spring, summer and fall, and so the middle and shortest route is most used. From Omaha or Kansas (city west to Denver the way is scenic. The railroad lines are dotted with small communities and danger attends the undertaking. But from Denver west clean to Sacramento, Cal., a matter of 800 miles, there are numerous hardships and considerable real danger.

Along the railroad, through Colorado, Utah and Wyoming, there are enough towns to make daily stopping places, but through Nevada the hamlets are few and far between. The fact that there are only a few water tanks and section gangs of railroad hands in a few hundred miles does not deter pedestrians, be they male or female.

All walkers who come through usually announce to the edited audience that they are "three days ahead of Weston's record" or "a week ahead of schedule." They appear, exhibit their letters from mayors and judges and dog catchers in their starting points, obtain further credentials from local politicians and editors and then press on.

Things are often pretty "soft" for these walkers. Often as not they declare that the agreement of their hike calls for them to make the trip without funds and without working. That always means that a kindly or sporty hotel keeper will take them in a hotel and a restaurant proprietor will usually see that they don't go hungry.

Most of the travelers carry packets of postcards bearing their photographs in complete recall, which they retail on the street corners for the ridiculously small sum of 5 cents. Occasionally the manager of the local moving picture theatre will give them for his night to show a few ballads illustrated by colored films. Two youngsters who announced they were "roller skating across the country" took their "rollers" and gave a creditable exhibition of fancy skating on a theatrical stage in Reno one night. But they did not attempt to skate out of town the next day. They chose the surer and faster roof of a sleeping car on the overland limited.

Most of them "hop the freights" when they get a chance, although the two girls who passed declared they had walked all the way. There seemed no way of doubting them, and they frankly announced they were penniless.

All transcontinental walkers wear khaki clothes. That seems to be part of the rules. Also they all wear slouch hats like the cartoonist's picture of the one Teddy lost in the Ring. Red sunburn handkerchiefs twisted about the neck, a murderous looking 45, which they usually palliate by declaring "unloaded," are other staple ornaments.

Most of the walkers are positive in their assertion that they are making the trip as a result of a wager, and few will admit that the prize in sight is less than \$5000. Somewhere in this country there must be a lot of shumps who will hang up those prizes for able-bodied men and youths to walk across the country after and collect.

GARRISON TAKES EXCITING GAME

The Soldier Cricketers Defeat Civilian Team With Only One Minute to Spare—Score in Detail

Seldom, if at all, this year has a more exciting contest been witnessed than that at York Point barracks yesterday afternoon, when the Garrison team won, one minute before time, a match replete with interest and exciting situations.

Mr. Garrison's XI batted first, and, thanks to a magnificent batting display by Bob Hindmarch (82), gave the Garrison the very respectable total of 153 to get. Hindmarch got good assistance from both Barclay and Reeves with 27 and 17 respectively.

Garrison opened poorly, Fletcher falling to Reeves at short square leg, but when Roberson joined Askey runs came well and quickly, and 30 was telegraphed before Laurence held one of Askey's drives off Greenhill.

At 5.50 the Garrison required 60 to win, and forceful tactics had to be adopted, and quite a few of the Garrison team lost their wickets trying to score off good balls. At 6.27 ten runs were needed, with Sergeant Wyndham and Major Hopwood at bat, and two wickets to fall. Wyndham, however, playing with confidence, quickly scored the runs needed off Hindmarch, all to mid-on, and the game was won by two wickets.

At the request of Mr. Greenhill, the match was played to a finish, Wyndham soon being run out and Sergeant Stevens stumped by Kirkham the first ball he received.

All through the game Kirkham kept wicket excellently, although he had an unfortunate habit of sometimes taking the ball before it passed the wicket. He allowed one bye, and his general all-round good work was beyond criticism.

Both teams fielded splendidly, and a most enjoyable afternoon's cricket resulted. The score:

Notes

The navy is endeavoring to get up a team to enter the tournament with. If the effort is successful, another ground, the canten, will be available. The Esquimalt club will have their new ground, back of the naval hospital, ready for tournament, and will enter a team.

Seven grounds are now available—Beacon Hill, Jubilee hospital, Oak Bay, University School, Work Point, the Canteen and Esquimalt.

Colwood will, in all probability, enter for the tournament. They have a serviceable XI, and should make a good showing.

Two splendid batting and bowling feats were left out of the reckoning in yesterday's issue, viz., E. W. Jamay, 128 against the Garrison, and Q. M. S. Askey, 10 wickets for 40 runs against Albion on June 15 at Work Point. Askey took 125 wickets last year, a feat, possibly, that will never be duplicated.

A meeting of the executive committee of the Pacific Coast Cricket association will be held at the residence of the president, Mr. Alexis Martin, Foul Bay road this evening at 8.30.

Queen Charlotte Settlers

These passed through Prince Rupert the other day the advance guard of a regular army of some 70 Adventurers who are coming to take up large allotments of land there. The Rev. Mr. Watson, one of their pastor pioneers, is already on the island. It is the intention of the newcomers to establish their own saw mill and to run a boat building plant on Masset Inlet. They are all thrifty, hard working settlers who will do the country good. William Helm, a practical farmer, representing a large number of Germans who intend settling on the islands under the colonization scheme of Archbishop McNeill, is proceeding at present to look over the land and select a suitable location. The first party of newcomers will arrive this fall.

Old System Good Enough

After two weeks' trial on the new ticket system the B. C. E. R. has gone back to the old system again. The new system was approved only a check on the passenger, but as the conductor as well. After paying the fare to any point on the intermediate line, the conductor handed the passenger a ticket, stating the amount of amount paid. The tickets were in different colors for each division, the conductor wearing a set of scales on his belt for the purpose of having the tickets handy.

WESTERN TENNIS PLAYERS DO WELL

LAKE FOREST, Ill., July 25.—Stellar playing marked today's matches in the western tennis championships.

H. M. Bradley, of Los Angeles, drove G. M. Church, of Princeton, so hard that the Princeton star, who had just finished one stiff match in doubles, was seized with cramps and could not finish.

Bradley won by default, after he had generously offered to postpone play until tomorrow.

By far the best contest of the day was that between Church and Mace and Ludke and Byford, the Princetonians finally winning after a five set tussle, 6-4, 3-6, 10-8, 4-6, 5-1.

TALKING RUGBY IN CALIFORNIA

Universities Are Lining Up This Season's Teams Already—Stanford Looks for Victory

Students of Stanford and Berkeley Universities are in the midst of preparations for the rugby football season already. While there will be a series of local games in which the representatives of the two Californian seats of learning will take part, they are looking forward and laying their plans more for the annual inter-university match.

But it is expected that Stanford will have a fifteen in the field this season that will give the Berkeley organization a harder battle; in fact, predictions are being made freely that the latter is due to meet with reverses.

In view of this activity in the south, it is encouraging to members of the local club and to enthusiasts of this city to know that the home officials have been engaged for several weeks past in assembling the players who will try for places on the Victoria's 1913-14 team.

The indications now are that this city will have the strongest aggregation in the field that has represented the city for many years. With three new men of known repute in the old country rugby football world, all having taken part in international engagements, the Capitals should have a line-up able to compete on even terms at least with any Pacific coast force.

It is also pleasing to know that the newcomers for the most part are men who have held places either on the half-back or three-quarters divisions because, without a doubt, it is there that Victoria has been weak in the past.

Referring to the situation in the south, a despatch says: "With the opening of the fall semester a few weeks away, much attention is being paid to football preparation here and at the University of California. Stanford's chances in the big game this year are unusually bright.

As to the loss of several Stanford veterans, it is for the most part automatic by graduation and the five-year rule. According to present accounts, "Ted" Geisler, and possibly Reeves, will be the only undergraduates who will not return to college.

"Kenny" Dole has gone to Harvard. He would have been ineligible for the team, but he might have acted as coach if he registered in the medical department.

Woodcock and Smith are the two forwards who will be missing. Sanborn may return in the fall. Thornburn, a member of the 1910 team, will register next month, but is not expected to be out for practice.

But there will be left Captain Cass, Benny Erb, Phil Harrigan, Noble Kern, Partridge, Watkins, Gard, Frank and Rising. "Rick" Templeton will be in line for a varsity sweater, and Haley will probably come back. Couch,

is expected to take place next Saturday. Mr. D'Oryly Rochford, the secretary, announced yesterday that the arrangements were complete. He said that the sail and motor craft moored in the inner harbor would leave at 2:30 p. m., and those at Oak Bay half an hour later.

There are the yachtsmen and their friends will disembark and the evening hours and that part of the next day spent ashore will be devoted to high links. Mr. Rochford states that those non-boat owners belonging to the club who have not been assigned to places on any of the boats making the trip have only to submit their names to be given berths.

Both players were applauded to the echo over their fine play, and when Johnson won the second set, 7-5, many of the spectators thought that Tyler was to meet his Waterloo, but others who have followed his play for years, knew that Joe is never beaten till the match is over, and were not surprised to see him pull off the next two sets, 11-9 and win the match.

B. Schwengers' victory over Fottrell was expected, as except for his difficult service, Fottrell has not the all-round good strokes of his playing partner, Johnston. Schwengers' confidence, and above all, his patience, combined with a knowledge of the game and great control of his racket, only to be acquired by such experience as the champion has had in some years of first-class tennis, made it fairly certain that he would win. When it was seen that he seized up Fottrell's service and returned it with such swiftness, that he had his opponent at a disadvantage, the result was not in doubt.

AMUSEMENTS

Majestic Theatre—"The Greater Love" Love is aroused in return for kindness extended by a young western girl to a wounded desperado. He keeps his identity unknown. The young sheriff who is engaged to the girl goes in pursuit of the outlaw, who saves the sheriff's life and sacrifices his own. "A Good Catch," a novel little conceit bristling with just the right kind of good humor and merriment. "A Woman's Way," you never can tell, the new sheriff and deputy sheriff are both women and the town is in desperate need of reforming; try to picture what happened when the bandit, arrested by the girl, turned out to be her lover. "Mistaken Identity," a brand new idea is presented in this picture; it is a well constructed short farce comedy with some real laughs in it. "The Katzenjammer Kids," a new addition to the well known series; it seems better than the others, has more points; there are new characters introduced and many kids in it, and only three of them get locked. Today and Saturday the Majestic is the place where we can enjoy a good laugh and a satisfactory holiday. Moving pictures of Regina after the cyclone will be shown Monday.

Crystal Theatre—A complete change of pictures for today in addition to the extra special feature of Bruce Kidpath showing in one thousand feet of film his wonderful tricks in the water as given before the crowned heads of Europe. As a trick canoeist, the Canadian is probably without a rival. His mastery of the frail boat is perfect and phenomenal. Some of the feats he performs are astounding and can only be appreciated when seen. These pictures were taken at Toronto and are endorsed by the Winnipeg and Toronto Canoe clubs. One part of the subject is devoted to the manoeuvres of the champion war canoe crew of Canada and the pictures on the whole are decidedly interesting. As there are many canoe enthusiasts in this city this will give them an opportunity of seeing tricks they have never seen before. This film will be shown today only and has been obtained at quite a little extra expense. The other pictures are as follows: "The Professor's Wooing," is a dramatic love story of the Pacific coast with its sharp rocky shore and quietly heaving billows. It is a beautiful story well acted. "The Dead Man's Claim" is a well-made picture in every way, tragic and showing much imagination. It is played by two white men and an Indian. "The Musketeers' Duel," is a graceful, courtly picture of France in the time of Louis XIII. It is colored, set in beautiful scenes and well photographed. "A Lesson in Liquid Air" is a very instructive and interesting picture giving sensational experiments with liquid air. "A Queen for a Day" is a vivacious picture in the leading role—Bunny. This is a scream and you want to see it. Mr. Alf Hilton as the Harmonica King is proving very popular with this little instrument. It is surprising the amount of music he gets out of it. Colton and Elliott have a dancing comedy acrobatic act that is certainly a novelty as well as being funny. Come and see this programme today and get away from the big crowds on Saturday.

The Empress Theatre—Laughter reigned at the Empress theatre last night. John White's comedy, circus with its two unrideable mules, leaping greyhounds and performing dogs, supplied most of the fun, the mules being chiefly responsible. Two colored men made desperate efforts to ride the mules, and were thrown about the stage. The antics of the mules in preventing the riders from keeping a seat caused laughter galore. Hugo Lutgens, "The Swedish Dialect Preacher," supplied more cause for laughter when he stepped on the stage in his sombre make-up and took his seat behind a pedestal to deliver a sermon that was as droll as any monologue ever heard at the local vaudeville house. Lutgens has popularized the dialect of Yon-Yonson, and "there bang many laugh" while he is on the stage. Jean De Lisle and Sarah Vernon, two Broadway performers who are making their initial tour of the Sullivan & Considine circuit, offer a singing and dancing number which is distinctly good. They sing and dance well, and dress their act excellently. Veroni Verdi and brother offer a good musical turn, one playing the violin and the other the cello, and Miss Windom and company contribute a good sketch.

The Allen Players—When Miss Verna Felton appears disguised as Gladys Armstrong in "The House of a Thousand Candles," with the Allen Players at the Victoria theatre, the audience is puzzled for a few moments, so great is the change the short dress and the long hair make to her appearance. She is at first not recognized as the young woman who appeared shortly before on the stage, and it is only her way of feeling strange in the short dress that lets the audience into the secret of the disguise. The double character she plays is one of the charms of the play the company is staging at the Victoria all the week. The Allen Players are to be congratulated on the success of their engagement here and the fact that they can run two consecutive plays for the full week speaks highly for the possibilities of "stock" in Victoria. It is the best advertisement the players themselves can give of their thoroughness in staging and presenting their plays. "The House of a Thousand Candles" will be found a most entertaining play, and those who have not yet seen it will have the opportunity of doing so tonight and tomorrow night, or at the matinee tomorrow afternoon.

Princess Theatre—"Arizona" is playing to splendid business this week at the Princess theatre, and judging by the applause with which it is nightly receiving, it is one of the most pleasing bills yet presented. Although the plot is intense, there is plenty of comedy to brighten it up, and the tears and laughter follow each other in quick succession. An excellent representation of an Arizona ranch is given in the first act and Mr. Canby, the owner of the ranch, is one of the finest character parts ever written. A man with a strong sense of humor, a shrewd perception of things in general, who stands by his friends when they are in trouble, and takes life as it comes for himself,

Stock Markets and Financial News

BIG EARNINGS ADVANCE VALUES

Remarkable Evidence of Prosperity of Electrical Stocks Causes Activity in Stock Market Towards the Close

NEW YORK, July 25.—One of the unique features of today's stock market, which was dull and generally uninteresting until late in the session, was the fact that general Electric, ordinarily one of the most quietest issues, was next to the most active stock in the market.

Table of stock market activity with columns for stock names and prices.

THE CITY MARKETS

In the foodstuff market crushed barley has advanced to \$1.45 per 100 lbs. from \$1.40.

GRAIN MARKETS

WINNIPEG, Man., July 25.—Trading on the wheat market was more active today, and while the distant months hold comparatively steady on the brilliant crop prospects in the Canadian west and south of the line, the bulk of July wheat and extra number one feed oats held the whip hand all day driving the shorts to cover.

MONTREAL MARKETS

MONTREAL, July 25.—The market showed an inclination to rally from the forenoon dip. The desire to buy on moderate reactions is so strong that weak selling is liable to be bought on the spot.

Women's Hats, Also Hats and Bonnets for Children at \$2.50

MANY beautiful white and colored effects are to be had, and some of the samples are now being shown in the windows. Every model is different, and there isn't one that was intended to be sold for less than \$5, and many of them are even more expensive.

They are the balance of our summer stock, and we intend to clean them out. This gives you an opportunity for securing a really high-grade model at a price that is well within your reach.

Selling Off Linens

REGULAR \$1.00 AND \$1.25 VALUES FOR 50¢

JUDGING by the price you will naturally think that these are soiled goods, but that's where you'll make a mistake.

They are all taken from our regular stock and are in perfect shape, but we are anxious to clean out all short lines before we start our stocktaking.

There is an assortment of sideboard covers, tray cloths, and squares to choose from. Most of them are in neat openwork patterns with hemstitched borders, and all are a fine quality of linen.

We don't expect them to last very long, the price is too low. So shop in the early part of the day and avoid being disappointed.

Hand-Tailored Costumes for Women

\$35 to \$45 Garments to Be Sold Today at

\$18.75

ALL strictly man-tailored garments that measure well up to the standard of quality that you would expect to have delivered from a high-grade custom tailor, but we don't ask the excessive price that has hitherto made the plain tailored garments luxuries for the rich only.

They are those fine semi-fitting garments that hug the hips closely, fit well at the waist line, and have those clean cut shoulders and sleeves that are a pleasure to see.

Fine homespuns and closely-twilled serges are the materials and there is a variety of light and moderately dark colors to choose from. The coats are lined throughout with guaranteed Skinner satin.

This is an ideal opportunity to buy a really stylish garment that will serve you well and please you every time you wear it. And the saving! That's an item that's worthy of your serious consideration.

75c and \$1 Wrist Bags for 50c

ONE is a line of Velvet Bag that has a gilt frame and a cord suspender. They come in black only, and are really gracefully shaped and well made. Even at their regular price they are excellent values, but we must move our surplus stock before the end of the month.

Another line is in leather and has a neat gilt frame. The colors are tan, brown and black. Finished with a cord suspender, and being a quality that is easily worth \$1, they should sell rapidly today, at 50c.

Bargains in Belts Today

\$3.50 to \$8.75 Women's Waists Go at \$2.90 Today

AND the best of it is that there were very few of them that were marked at \$3.50. The majority of them are our regular \$4.50, \$5.75, \$6.75 and \$8.50 grades, so that the women who are fortunate enough to secure one of these garments will secure a bargain that will more than make early shopping worth while.

There's such a wide variety to choose from that a detailed description of them all is out of the question, but to see the display now in the windows will give you a clear conception of the wonderful values that we are offering.

We haven't all sizes in all lines. They are oddments that have been marked down to a small price to make sure of a quick sale, and we expect to clean them out in a few hours' time.

Here's one of the \$8.75 lines. It is made of an excellent mull, and the front is beautifully hand embroidered. It has a high neck and a circular yoke of French Valenciennes lace insertion, has clusters of pin tucking over the shoulders. The sleeves are short, and the cuffs are beautifully finished with lace insertions and lace. The back is beautifully tucked and finished with bands of lace insertions. A variety of different patterns are to be had in this line.

An example of the \$5.75 values is well represented by the sample that is shown in the window. It is made of a good French voile, has new sewn-in sleeves, three-quarter length, and finished with cuffs trimmed with Cluny lace and insertion.

The front is charmingly trimmed with several bands of insertion, clusters of tucks and crochet buttons. The back of the garment is almost as elaborately finished as the front, and the whole garment has a very tasteful appearance. Other similar styles are to be had.

A semi-tailored model made of a very fine lawn is a sample of the styles that were originally marked at \$4.50, but is to be sold on Friday at \$2.90. It has a handsomely cut embroidered front, a full length sleeve with cuffs tucked and trimmed with lace, fastens down the front, and is finished with an elaborately embroidered linen collar. The back is neatly tucked, and we have every reason to believe that you have never seen such an excellent garment sold at such a small price.

In striped voile there is a lovely model that we have been selling regularly at \$6.75, and it is well worth the money. However, on Friday you can buy it for \$2.90. There are just a few of these to be had, so you'll have to shop early to get them. It has a high neck and a circular yoke, made of pale blue voile and beautifully finished with Cluny lace insertion and lace. The front and shoulders are trimmed with chain-stitching in pale blue silk, is neatly tucked and has three-quarter sleeves, and cuffs trimmed to match the yoke. It's a design that shows a refinement of taste that is rarely seen in even a \$6.75 garment.

Another model is made of a fine lawn and is handsomely embroidered in both floral and eyelet patterns. Is beautifully trimmed with Duchess lace insertions and small crochet buttons. The front is finished with pin tucking and the high neck is set in with lace insertions and finished with an edging of lace. The sleeves are the three-quarter length, are the set-in style, and have handsomely finished cuffs. The back is elaborately tucked, and even at \$5.75 this is an excellent value.

Buy a \$20 to \$30 Suit and Pay Only \$13.75 for It

THIS is a huge reduction to make, but we are determined not to take a single suit that was intended for this summer's selling back into stock, and the price that we are now asking is the final reduction that we shall make.

They are being sold much below their cost, and any man who wants a smart and serviceable suit will find this to be his golden opportunity to save money, and get the best that merchant tailors can produce.

Fancy worsteds, tweeds, serges and chevots are the materials from which these suits are made, and there's quite a variety of shades and patterns to choose from. We haven't all sizes in each line, but taking the lot as a whole, there is practically every size represented.

This offer is good only for today and Saturday, and early shopping is advisable. Such wonderful values can't last long.

YOUR CHOICE FROM SUITS THAT ARE REALLY WORTH \$20.00 TO \$30.00 FOR \$13.75

47 English Cravenette Overcoats

\$13.00 TO \$20.00 VALUES FOR \$10.75

Quite a reduction to make, but what's the use of storing them when we are pressed for storage space?

They are all light weight overcoats that will serve you well, for emergencies during the summer, and will be most serviceable during the early winter. Are quite waterproof, at least they are as waterproof as a cravenette material can be made, and there is a variety of colors to choose from, including greys, fawns, browns and green mixtures.

Some are fitted with two-way collars and others are the plain roll collar with neat lapels. Sizes from 33 to 42 are to be had.

ANOTHER ATTRACTIVE OVERCOAT BARGAIN

In this lot there are only eight coats. They are made of good material, and are a really high quality. They are a really high quality.

Striking Bargains in Fancy Collars in a Variety of Styles
